

The "DYNAMIQUE" desk—an exclusive Art Metal production

Modern Ideas
IN STEEL FURNITURE

A "STANDARD" Desk in Black and Chromium

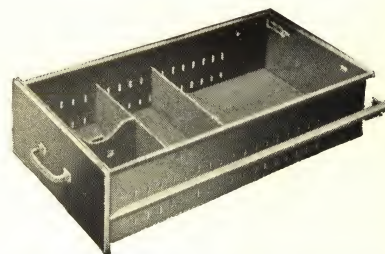

Desks and Tables

"STANDARD" AND "COMMERCIAL" SERIES

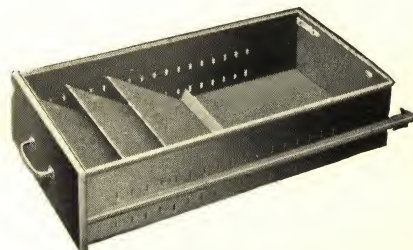

Full Desk Catalogue upon request

The "Standard" and "Commercial" Series of Art Metal Desks are economically priced, yet they are strongly constructed and well finished pieces of furniture. There is no fear of trouble from warping or splitting, whilst the attractive enamel finishes are stoved at a high temperature, so that they cannot crack or chip off.

Desk tops are covered with washable "Artolin," the ideal writing surface. "Artolin" is restful to the eyes, being dark green in colour and free from glare. These desks can be made real working partners. You can fit the drawers up just as you wish with a standardized range of optional fitments including card-index equipment, partitions, various trays, stationery holders, etc. Untidy desks are a thing of the past, there is a place for everything, and you know just where to look for what you want.

Drawers may be divided into compartments by means of adjustable partitions. Here the front compartment has been converted into a card-index.

The efficient typist will appreciate these sloping partitions for holding stationery. They keep the drawer tidy and prevent waste.

Art Metal Desks and Tables ...

Style 1260-FNB-NL.

THE "COMMERCIAL" DESK

Style 1260-FNB-NL.

Here is a popular model, size 60" × 34", with "Artolin" top, black bakelite feet and brush bronze hardware. Regularly supplied fitted with three box drawers in left pedestal, one box drawer and one vertical file in right pedestal, and knee-space drawer.

"COMMERCIAL FILES"

THESE cabinets are of superior construction, attractively finished with solid bronze hardware. The drawers operate smoothly on well-designed ball-bearing roller suspensions and may be extended to their full depth, a safety catch preventing accidental removal. Only a few models are shown here, but a full catalogue and price list will be forwarded upon request.

Art Metal Steel Shelving ...

FOR ALL REQUIREMENTS

THE illustrations in this leaflet will serve to give a rough idea of the wonderful adaptability of Art Metal Steel Shelving. A simple stack may be constructed consisting merely of supporting posts and shelves, but in order that individual requirements may be met to an exacting degree, a large variety of optional parts are carried in stock, including sheet backs, partitions, doors, bins, label-holders, etc., etc.

As fast as new storage demands arise, Art Metal Shelving can be adapted instantly to meet them . . . and you never lose a penny through waste or depreciation. It is strong, economical and practically everlasting ; it lessens fire risk and gives increased storage capacity. It can be taken down, rearranged, or moved to another site, and additions or alterations may be made at any time.

*Shelves adjustable every
2 inches*

ENCLOSED SHELVING

Example is 5' 0" wide × 8' 3 $\frac{3}{8}$ " high × 1' 3 $\frac{1}{8}$ " deep
Shelves spaced 12" apart.

Art Metal furniture in the offices of The British American Tobacco Company, Limited, London. All the furniture is mahogany grained.

Part of the offices furnished by Art Metal of Messrs. R. W. Crabtree and Sons, Ltd., Water Lane, Leeds, 11, the well-known printing press makers.

Art Metal *Visible Systems* . . .

Books and Book Cabinet

These steel books are light and portable. They are sold with or without the book cabinet.

Drawer-Cabinets. Made in a wide variety of sizes.

Swinging Reference Panels.

Part of big installation in the offices of the Tottenham and District Gas Company, Ltd.

ART METAL VISIBLE SYSTEMS GIVE YOU

ACCURACY

Entries and references made without removing cards, thereby eliminating the bugbear of misfiling.

* **SPEED**

All index lines visible—no searching through cards to find required record. No re-filing, no time lost through misfiling.

* **CENTRALIZED RECORDS**

Time and money saved by essential details of various card-index and loose-leaf records being combined on one compact, convenient form.

* **SYSTEMATIC FOLLOW-UP**

Signalling systems indicate when important matters require attention. Invaluable in preventing expensive omissions and mistakes.
